Project Lifesaver:
Dane County

A PUBLIC SAFETY PROGRAM
TO LOCATE MISSING PERSON'S
SUFFERING FROM MENTAL
DYSFUNCTION DISORDERS

Alzheimer's

Autism

Down Syndrome

About Project Lifesaver:

Project Lifesaver is a not-for-profit organization serving Sheriff, Police, Fire, and EMS agencies nationwide.

A Project Lifesaver wristband.

Participants are fitted with a personalized Project Lifesaver wristband. This unique wristband is a one ounce battery-operated transmitter that emits an automatic tracking signal every second, 24 hours a day. Using specialized equipment, this signal can be tracked by our specially trained personnel.

By providing monthly equipment checks, Project Lifesaver emphasizes relationships between law enforcement and the people who may wander before the need may arise for a rescue.

Who Qualifies for Project Lifesaver?

If you care for a loved one who has a history of wandering due to a disorder such as Alzheimer's, Down Syndrome, or Autism, this program is for you.

Trained Dane County Sheriff's Deputies will come to your home and fit the participant with a wristband that can be used to track their whereabouts if they ever become lost or are missing.

Participants must live in Dane County and will be selected on a case by case basis.

Deputy Leslie Fox shows some of the equipment used to track individuals when they are missing or lost.

David J. Mahoney
Sheriff of Dane County

"The Dane County Sheriff's Office is proud to be a member of Project Lifesaver.

This program exemplifies our strong commitment to public safety and the citizen's who make their home in Dane County."
